

MANUAL DEGASSING VALVE MACHINE MODEL: APDV-02

Typical Applications:

This machine will apply Degassing valve to

- Stand Up Zip Pouches
- Side Gusset Foil Pouches
- Kraft Foil Bags

As well as most pre-made Pouches.

Valve Function:

Fresh roasted coffee which generates gas inside the bag and also needs protection from oxygen and moisture using one-way degassing valves. Various specialty foods that have active ingredients such as yeast and cultures.

Large bulk flexible packages which require the

release of excess air from packages for palletization (e.g. 33 lbs. pet food, resin, etc.)

Other flexible packages with polyethylene (PE) interior that require one-way release of pressure from inside the package.

Specification:

Machine Model	APDV-02
Overall dimensions	27CM X 25CM X 45CM
Total weight	11.5 kg (25.5 lbs.)
Air pressure	6 bar
Power (Watt)	75 W
Min bag width	80 mm width with 25mm gusset per side
Max. Temp	250 °C
Voltage	110/220/240V

Features

- Easy setup
- Easy operation
- Low maintenance
- Very efficient
- Requires one operator
- Price FOB TN USD\$1,997.00

Technical Information

- Production Speed: The Working Speed depends on the material and the operator's experience
- Maximum Distance of the valve from open end of pouch: 5 1/2" or (150mm)

Model No: APDV-02
Product No: AA02-170913795-02
Distributor Pricing US\$: 1.997.00
FOB: Taiwan Port

Payment Terms:

50% Deposit, balance due prior to shipping.

Deposit by Bank Wire, Check w/verified funds, Visa, MasterCard or Discover (U.S. Bank Cards Only) + 3.5% surcharge

- Overall Dimensions: 10.6" x 9.8" x 17.7" or (27 cm x 25 cm x 45 cm)
- Power Requirement: 110v or 220v or 240v (choose voltage)
- Total Weight: 25.3 Lbs. (11.5 kgs)
- Valve seating customizable for specific valve
